

MADE TO ORDER

CVE Galvanised metal grille box for use with CVE Shop circular flanged diffusers.

Manufactured to order from 0.8mm or 1.0mm galvanised mild steel depending on size. Grille boxes are available with or without a 20mm flange at the open end.

Circular Plenums fit the neck of Swirl Diffusers and do not require a flange as standard.

NOTE: Spigot size must be smaller or equivalent to box size.

The locating screw that comes with the Swirl Diffuser fixes to the locating bar inside the plenum.

Internal equalising perforated plate and brackets are available as an optional extra.
