

MADE TO ORDER

Non-vision style air transfer grilles are suitable for mounting in doors, partitions and walls to allow ventilation air to pass between adjacent rooms.

A non-vision grille has a blade arrangement designed to give a neat appearance on both sides of the door or partition.

Suitable for low or high level mounting requirements.

Manufactured from extruded aluminium alloy sections. Core is held in place by frame design. Frames are held together using punched in steel corners.

Free area 40%

Standard finish for this product is Anodised Aluminium. Other finishes are available to suit the interior and architectural design requirements. (Matt Black is recommended for a darkroom application).

The smallest dimensions available are: 100mm Wide x 100mm High.

The largest dimensions available are: 2900mm Wide x 2900.
